## Keep Australia foot-and-mouth disease free

### Travelling to Australia or receiving international mail?

#### What is foot-and-mouth disease?

Foot-and-mouth disease (FMD) is a highly contagious animal disease that affects all cloven-hoofed animals including cattle, buffalo, sheep, goats, deer, pigs and camels.

FMD can survive in frozen, chilled and freeze-dried foods including meat and dairy products.

It is not present in Australia. An outbreak would cause sickness in animals, and greatly impact Australian meat (beef, lamb and pork) and dairy farmers.

There is no threat to human health from this disease.

#### What goods can carry foot-and-mouth disease?

- Dairy products and meat products containing beef, lamb and pork. **These goods are not allowed into Australia from FMD-infected countries.**
- Items such as clothing, shoes and equipment used on farms, in rural or wilderness areas, markets, zoos or near animals.
- Animal skins, camping and hunting equipment and trophies.

#### How do I stop the spread of foot-and-mouth disease?

##### DON'T

- ✗ Bring meat or dairy products to Australia in your baggage.
- ✗ Buy meat or dairy products online from overseas sellers.

##### DO

- ✓ Tell family and friends overseas not to send you any meat or dairy products.
- ✓ Check biosecurity import conditions before sending goods to Australia – [agriculture.gov.au/bicon](https://agriculture.gov.au/bicon).
- ✓ Clean any equipment, clothing and shoes thoroughly before you send them or travel to Australia.
- ✓ Declare and present any risk goods to a biosecurity officer for inspection on arrival in Australia or put it in a bin.
- ✓ Declare if you have visited a rural area or been in contact with, or near, farm animals.

#### DON'T BRING OR SEND MEAT AND DAIRY PRODUCTS TO AUSTRALIA

#### CLEAN AND DECLARE

all shoes, clothing and equipment used near animals or in rural areas

It's everyone's responsibility to help  
keep Australia free from FMD

## **Pioneers of Pilgarn**

### **Stage 1.**

**Citizens who built this district between years 1887 and 1914**

**Abelman family:** Henry Abelman started a jewellery and optician shop on lot 16 (present supermart) during the late 1890's. Records show he was a watchmaker, jeweller, optician, importer and tobacconist. Kids would press up against the glass to get a better look at his novelty toys, while he chastised them in broken English 'get your snotty noses off my window.'

His two daughters, Berna and Rachael, were gifted musicians frequently under notice during their school days at the Convent. At a young age they played in the local band and could also dance. Probably through lack of opportunity they did not go on to make a career out of their undoubted acting and musical skills. A third daughter worked at the Club Hotel as a barmaid.

The family moved on around 1915 to other goldfields towns, Berna and Rachael remaining spinsters and eventually taking over the family business in Subiaco. They taught music as a sideline, Berna the violin, and Raye the piano, and passed their gift on to pupils who went on to honours at University.

Their shop was full of fancy goods, pendulum clocks, jewellery, rings, silverware, and old spectacles, some over 80 years old, which in the end they preferred to keep along with their memories, rather than sell.

Berna died in 1958 and Raye in 1971. Their treasured memories were auctioned off and we hope went to good homes.

I was fortunate enough to start my working career in Kalgoorlie and from then on I always knew I would come back to live.

Now I am here to set up to provide hearing care to Kalgoorlie, Norseman, Leonora, Esperance, Kambalda and Southern Cross. I believe this will enhance the lives of generations of locals, helping them to hear, allowing them to engage so they can be heard and helping to maintain the connection that hearing brings with friends and loved ones.
