## Thank you all very much

First of all I would like to thank 000 for their prompt service at getting an ambulance for my very dear husband William Robert Cuffe after his bad fall off a chair. 4 marvellous ambos arrived to help him and Kayla arrived with our tea which he didn't get. Kayla donned her uniform on and Bill had plenty attention, but the one that deserves a very big thank you is Doctor Mark Byrne who so tirelessly helps everyone 24-7 and a big thank you to the flying doctors who get ill people quickly to help. I would also like to thank all the lovely people enquiring about Bill's health, he is not out of the woods yet, I am afraid to say.

Thank you everyone a million times.  
Ellen Alice Cuffe and Family.

## Congratulations

Kayla Ellen Cuffe

Congratulations Kayla on passing a very important exam while spending a week in Perth. Now you can process people's motor vehicles when necessary at the Shire. We are all very proud of our dear girl.

## Media Release

Wednesday 5 April 2017

### 1800-call-a-doc GP trial to continue

The 1800-call-a-doc telehealth GP trial has continued beyond its original 31 March finish date due to its popularity.

The after-hours general practitioner (GP) service has been running since April last year in rural and remote areas in southern WA and will be extended until 30 June 2017.

1800-call-a-doc allows country residents and carers to use their phones and the internet to contact GPs for non-serious acute medical problems when their regular GP is not available.

The service has proven particularly useful at peak holiday times and for communities that do not have regular access to GP services.

It is available on 1800 225 523 or by visiting <http://1800calladoc.com.au/>

1800-call-a-doc is available to all people in the Midwest, Goldfields, Wheatbelt, Great Southern and South West.

During the month of April  
the kitchen will be closed  
for lunch.

Dinners as per normal.

### DRIVER REVIVER

Again this year our Easter operation of the van was much busier than Christmas with far more cars on the road when we were open.

Our thanks go sincerely to all who helped in any way and again this includes BERNIE'S MOBILE MECHANICAL SERVICE, the SHIRE OF YILGARN WORKSHOP CREW, SOUTHERN CROSS HARDWARE & NEWS and ROADWISE.

Without them and the following volunteers, who gave up their time over the holidays, we would not be able to provide this service to the motoring public, Rolie and Shelley Blair, Pauline & Nick Eiffler, Laurita Symes, Glenice Divitini, Lisa & Pat Boso, Di Della Bosca, Carol Truran and Pat Dal Busco.

Over the 14 hours we were there 28 cars stopped with 41 people involved and we hope they enjoyed their short stop in Southern Cross and left refreshed and alert.

Once again thanks to everyone involved.

## **Youth and cancer**

- Youth make up approx. 2% cancers diagnosed in Australia.
- Common cancers, breast, testis, **most common melanoma**, lymphoma and thyroid.
- Youth living outside cities more likely to be diagnosed with cancer than city youth

### **How to reduce cancer risk when adults**

- By instilling good healthy behaviours in children and youth can reduce their cancer risk when adults
- Parents can help by being good role models
- Biggest risk factor for young people is being overweight and obese. In WA 1:4 children and teenagers are overweight or obese.
- Recent modelling shows that young adults are gaining more weight than they were in previous generations and by 2025, 35% of population will be obese.
- Overweight children have a much greater chance of becoming obese adults.
- Obesity is a risk factor for 13 cancers (including bowel, breast, pancreas, ovarian, kidney, blood and brain cancer) and toxic fat leads to fatty liver disease - linked to liver cancer.

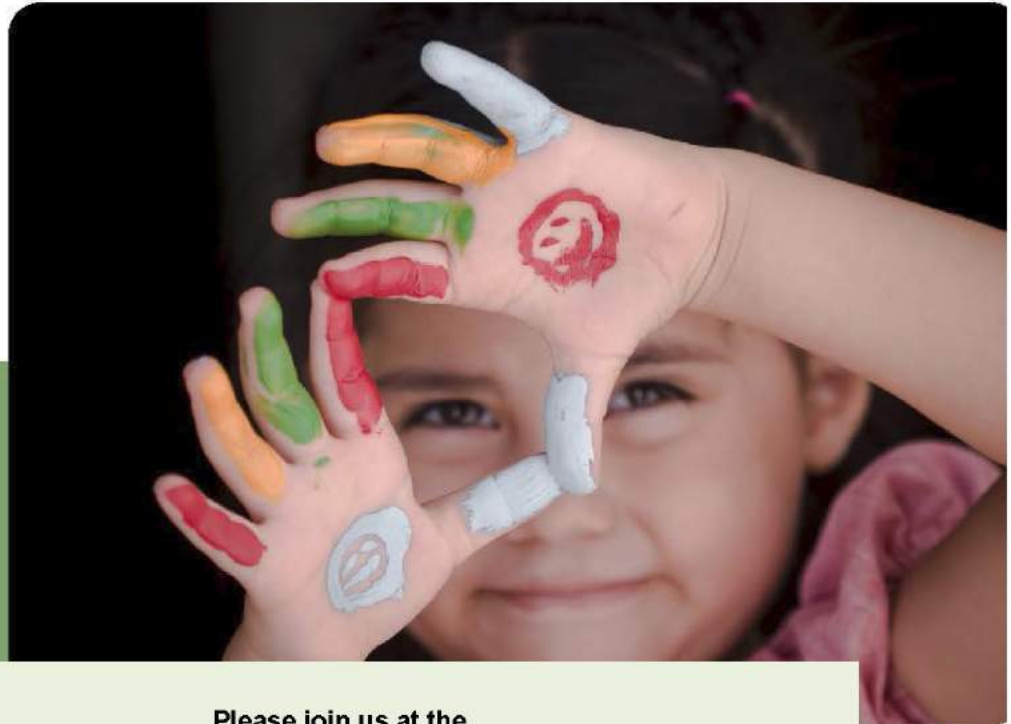

### **Key messages – (as per adults)**

- Don't smoke!
- Eat healthy food — young people are not eating enough fruit/veges!
- Be physically active — during adolescence, minimum 60 minutes moderate/vigorous activity every day.
- Maintain a healthy weight
- Be SunSmart — most common cancer **melanoma** in this age group, also most preventable.
- Avoid alcohol — don't binge drink
- Tune in to your body — what's normal, see GP with any changes
- Younger 'youth' — have the Human papillomavirus (HPV) vaccine against cervical cancer. Immunising boys helps girls by decreasing their chance of getting HPV and therefore cervical cancer. High-risk HPV can cause other cancers, such as penile cancer, or cancers of the head and neck. By vaccinating boys they too are being protected against certain cancers.

## *In Flanders fields*

In Flanders fields the poppies blow  
Between the crosses, row on row,  
That mark our place: and in the sky  
The larks, still bravely singing, fly  
Scarce heard amid the guns below.  
We are the Dead. Short days ago  
We lived, felt dawn, saw sunset glow,  
Loved and were loved, and now we lie  
In Flanders fields.

Take up our quarrel with the foe:  
To you from failing hands we throw  
The torch; be yours to hold it high.  
If ye break faith with us who die  
We shall not sleep, though poppies grow  
In Flanders fields.
