****Cr Nolan voted against the decision.***

In accordance with Section 6.33 (3) of the Local Government Act 1995, a Local Government is not, without the approval of the Minister, to impose a differential general rate which is more than twice the lowest differential general rate imposed by it.

With the Differential General Rates being proposed in the 2019/2020 Rating Strategy and Objects & Reasons, Council falls under the umbrella of this section of the Act. Note however that it is only applicable to UV Mining.

Accordingly, Ministerial approval is required and the proposal to impose this rate required that it be advertised for a period of not less than 21 days with any submissions received subsequently being presented to Council for consideration.

Comment

Following the statutory advertising period (21 days) and being advertised in the "*Kalgoorlie Miner*" on the 1st May 2019 and the "*Crosswords*" on the 2nd May 2019. At the close of the submission period of Thursday, 23 May 2019, five submissions were received from the following respondents.

- Cr Phil Nolan
- Jake Larson (Copy of submission supplied by Cr Phil Nolan – see Cr Phil Nolan's Submission for responses)
- McMahon Mining Title Services Pty Ltd
- West Australian Prospectors Pty Ltd
- Graham Taylor

It should be noted that due to a typographical error in the "Statement of Objects & Reason" where the 2018 closing date (Friday 24th May 2018) was used and not the advertised date of Thursday 23rd May 2019, the submission receive from Councillor Nolan on behalf of Mr Jake Larson was considered.

The submissions received are attached to this Report together with comments from staff and recommended actions related to the various points that have been submitted for Council consideration.

As Councillors are aware, a Special meeting of Council was conducted on Thursday, 30 May 2019 to consider the submissions received. At this meeting the Executive Manager Corporate Services Report indicated that an Absolute Majority decision of Council was required on the recommendation submitted. The meeting did record a Simple Majority however, as the Absolute Majority was not achieved, the meeting was closed and reconvened

for Thursday, 6 June to further discuss further options for Differential Rating for the 2019/2020 financial year.

Following the 30 May Special Council meeting the CEO circulated an email that he had forwarded to the Legislation Section of the Department of Local Government seeking clarification on the requirement of an Absolute Majority being required. The following is the reply email received from the Department:-

Subject: RE: Differential Rating Process

Hi Peter

Thanks for the email and the clear explanation.

While it is obviously preferable for as many Councillors as possible be available to consider the submissions and resolve to impose to the Minister, we share your view that an absolute majority is not required for this part of the process in the lead up to the adoption of the budget.

Happy to discuss,
Troy
